Care Instruction

#Vacuum regularly

#To maintain the appearance of non-upholstered parts, wipe the surface with a clean cloth dampened with a mild soap solution .

#Spot clean with upholstery shampoo or dry powdered cleaner only. Test on a concealed area before proceeding. Apply proprietary cleaning products strictly according to instructions.

#Do not saturate fabric or interior with water or other cleaning products.

#Treat spills immediately with an absorbent cloth by blotting the spill.

#Keep away and protect from direct sunlight and heat.

#Avoid contact with skin, in particular during high temperatures and humidity.

#Pilling may occur as a result of daily wear. This is not a manufacturing fault and can be removed by using a Fabric Pill Remover. De-pilling removes unsightly loose surface fibres and does not affect fabric performance.

#Clean, check and tighten parts regularly.

#Do not place excessively heavy items on the chair to prevent deformation.
